邮箱：24210170041@m.fudan.edu.cn

地址：上海市杨浦区邯郸路220号

教育背景

复旦大学（双一流A类；985）	硕士	政治学	GPA:3.72/4	2024.09-2027.06
University of Gothenburg（QS前200）	M.S.	European Studies		2025.09-2027.06
中国海洋大学（双一流A类；985）	荣誉学士	政治学与行政学	GPA:3.92/4	2020.09-2024.06
曾获荣誉：国家奖学金；校特等奖学金（Top10）；第十八届“挑战杯”课外学术作品竞赛省一等奖（前0.2%）；山东省优秀学生（前0.5%）；山东省优秀毕业生（前5%）				

实习经历

明心数智科技有限公司	AI项目管理与Agent进化	2026.5-
●AI员工产品设计：负责跨境电商AI员工平台中营销、经营评估、经营分析三个核心Agent的岗位拆解，独立完成岗位职责、Skill矩阵（输入-核心处理-输出-评价指标）、工具权限、审计链路和业务交付物的全要素结构化设计；		
●Agentic Workflow策划：基于ReAct推理框架、RAG知识库检索与HITL人在回路机制，运用Codex设计多Agent协同场景，输出多套典型跨境电商业务剧本，涵盖秒级执行流、跨Agent数据流转矩阵与HITL决策卡，用于WAIC世界人工智能大会现场观众体验演示；		
●AI产品原型交付：设计并通过ReAct实现跨境经营分析AI员工的可运行交互Demo（Result Pack日报界面），输出含Workflow节点配置与完整Prompt Engineering方案的技术落地指南；		
哥德堡大学互操作性能力与服务中心（CSCI）	数据分析	2026.01-2026.06
●AI自动化分析：通过AI辅助整理不同时期、多国的文本与调查数据，利用GPTs构建自动化数据提取工具，设计并优化Prompt Engineering方案，对复杂Codebook文本实现了非结构化数据到结构化表格的自动化转换；		
●数据运营：围绕选举民主与数据互操作性主题开展深入的文献综述；使用R语言对欧洲政治调查数据进行清洗，撰写分析报告以支持多源数据的标准化与智能化整合工作，为Demscore等机构的原创数据库开发奠定基础；		
快手科技有限公司	达人运营	2024.04-2024.06
●数据分析：运用Excel建立数据监控体系，深入分析本地生活团购GMV及用户画像；基于数据洞察精准拆解达人需求，提供针对性的选品与内容优化建议，有效提升媒体宣传效果与转化率；		
●日常运营：优化日常运营SOP，成功搭建“平台-商户-达人”三方沟通社区，打通资源对接链路；深耕达人关系维护，高效响应并解决产品咨询问题，协助提升合作粘性与社群活跃度；		
海尔集团	销售运营	2024.02-2024.04
●产品推广：参与医疗器械产品资料准备和更新，协助进行产品培训和线上线下市场推广；运用Excel统计全国各销售分区内产品销售数据并形成可视化图表，提供各分区市场趋势和销售策略建议，协助ToB业务客户关系维护；		
●供应链管理：参与撰写公司销售流程SOP，提升供应链管理标准化水平；熟练操作线上供应链管理系统，参与订单、物流、库存信息管理，对接沟通供应链各节点负责人，确保物料供应的及时性与合理性；		

项目经历

RelationshipLens AI亲密关系对话分析器	独立负责人	2026.03-
●AI产品设计：围绕“用户具有基于对话的情感分析需求、市面情感分析信度不佳”的痛点，运用Replit、Cursor自主搭建一款“聊天记录驱动的关系洞察引擎”；规划完整用户路径（上传聊天信息→OCR提取→对话结构化分析→心理测试补充），设计可视化结果展示（高亮证据、原始对话回溯、关系指标评分），提升分析可用性与沉浸感；		
●AI系统架构：搭建多阶段分析Pipeline（OCR→结构化→分析→评分→校验），重点解决大模型“幻觉”和编造问题；通过设计“证据约束Prompt”（所有结论必须引用原句）、“多维评分系统”（投入度/回应力/流动性/回避信号）及“二次校验模块”（自动检测是否存在无证据推断），将结果从“生成式内容”转化为“可验证输出”；同时引入置信度机制与不确定性声明，使AI分析稳定性与可信度显著提升，减少误判风险；		

个人技能

- AI & IT技能：熟练使用Cursor, Codex, Claude Code, Replit等AI Coding工具，ChatGPT, Gemini, Claude等大模型，Copilot等AI Agent，有AI Agent搭建经验；熟练使用Stata, R, Python, SQL进行数据分析；
- 语言技能：英语（流利，IELTS 6.5, CET-6 586）；汉语（母语）；韩语（基础）；
- 产品和设计技能：Figma, Canva, 剪映；

Education Background

University of Gothenburg	M.S.	European Studies		2025.09-2027.06
Fudan University	M.A.	Political Science	GPA: 3.72/4	2024.09-2027.06
Ocean University of China	B.A. (Honors Degree)	Political Science	GPA: 3.92/4	2020.09-2024.06

Work Experience

Project Management & Agent Evolution Intern, Mingxin SK, Shenzhen, China 2026.5-

- **AI Employee Product Design:** Led end-to-end structural design for three core AI Agents (Marketing/Evaluation/Business Analysis) on the AXON GLOBAL cross-border AI workforce platform, independently defining role responsibilities, Skill Matrix (input - processing - output - KPIs), tool permissions, audit trails, and business deliverables for each Agent;
- **Agentic Workflow Design:** Architected multi-Agent collaboration scenarios based on ReAct reasoning, RAG retrieval, and HITL mechanisms; produced cross-border business playbooks with second-level execution flows, inter-Agent data transfer matrices, and HITL decision cards for live audience demos at the World Artificial Intelligence Conference;
- **AI Product Prototyping:** Built an interactive cross-border analytics AI employee demo (Result Pack dashboard) in ReAct; delivered a full technical implementation guide including Dify Workflow node configurations and Prompt Engineering specifications, serving as a flagship portfolio case for AI PM roles;

Data Analysis Intern, Competence and Service Center for Interoperability, Gothenburg, Sweden 2026.1-2026.6

- **AI-driven Automated Analysis:** Facilitated the organization of longitudinal and multi-country text and survey data through AI-assisted workflows; Developed automated data extraction tools using custom GPTs and engineered optimized Prompt Engineering strategies to transform unstructured text from complex codebooks into structured datasets; Achieved high-precision automation in converting qualitative documentation into standardized, software-ready tables.
- **Research Operations:** Performing data cleaning and visualization of European political survey data with R, and writing analytical reports to support the standardization and integration of multi-source data;

KOL Operations Intern, Kuaishou Company, Qingdao, China 2024.04-2024.06

- **Data Analysis:** Used Excel to analyze business data, researched the conversion characteristics of KOL/user demands, and helped live-streamers optimize their live-stream performance;
- **Daily Operation:** Designed and optimized operation plans, drove the implementation of these plans, built relationships and communicate with live-streamers, and resolve daily product issues;

Sales Operations Intern, Haier Company., Qingdao, China 2024.02-2024.04

- **Data Analysis:** Assisted the sales team in using Excel to compile and visualize sales data for medical device products across national sales regions, provided weekly market trend analysis and sales strategy suggestions for each region, supported B2B customer relationship maintenance;
- **Supply Chain Management:** Participated in drafting the company's sales process SOPs, proficiently operated online supply chain management systems, participated in managing orders, logistics, and inventory information, liaised with stakeholders across the supply chain to ensure timely and rational material supply;

Project Experience

RelationshipLens: AI Intimate Relationship Conversation Analyzer *Project Lead* 2026.3-

- **AI Product Design & System Architecture:** Independently built an "Intimate Relationship Conversation Analysis Tool" via prompt engineering and Replit, repositioning the product from a conversational AI to a "Chat-Log-Driven Relationship Insight Engine." Planned the full user journey and designed visualized result displays (evidence highlighting, dialogue backtracking, relationship metric scoring) with staged feedback mechanisms to enhance usability. Led a multi-stage analysis pipeline (OCR → Structuring → Analysis → Scoring → Verification) to address LLM hallucination risks; designed Evidence-Constrained Prompts (requiring all conclusions to cite original quotes) and a Multi-Dimensional Scoring System (investment / responsiveness / fluidity / avoidance signals), transforming generative outputs into verifiable, auditable results;

Skills

- **Computer Skills:** Codex; Claude Code; Cursor; ChatGPT; Gemini; R; Stata; Python; SQL; Microsoft Office;
- **Product Design Skills:** Figma; Canva; Xiumi
- **Language Skills:** English (Fluent, IELTS 6.5); Chinese (Native); Korean (Basic)
